

Is your organization facing any of these **IT ASSET MANAGEMENT CHALLENGES?**

- Customer contract, asset and software licensing issues
- Lost revenue opportunities
- Wasted time and resources
- Differentiation from the competition

YOUR ITAM MANAGED SERVICE SOLUTIONS

Today's digital economy demands a customer-centric approach to doing business. Our managed services help you drive your recurring revenue performance while optimizing costs and delivering new solutions for your customers.

We offer a flexible three-tiered subscription service for a customized ITAM experience:

FOUNDATION

Comprehensive IT asset management solution for your organization and your entire customer base.

SELECT

Enhanced ITAM capabilities, enabling full lifecycle management of select customers' unique environments.

PREMIUM

Advanced high-touch ITAM services, customized to exceed the demands of your complex customers' business objectives.

HOW WE DO IT

TOOLS

Automated ITAM platforms to manage the lifecycles of your and your customers' networking IT ecosystems.

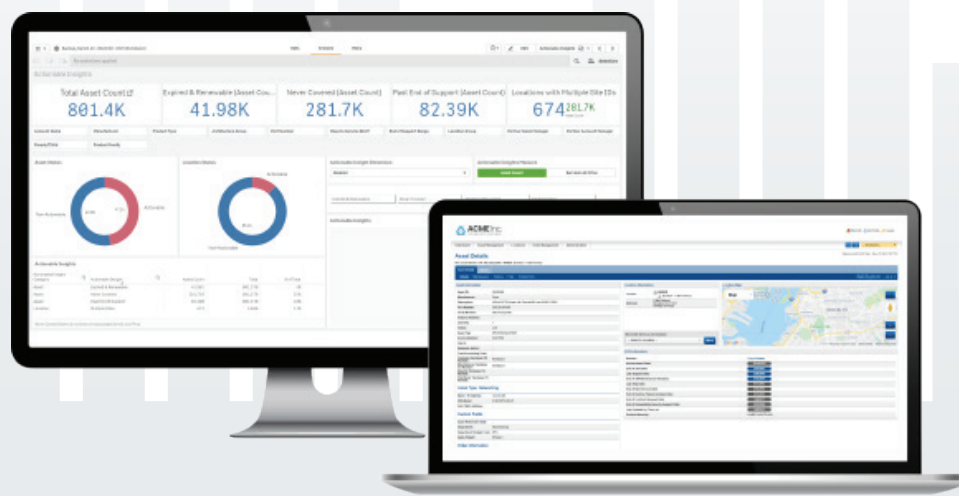

TEAMS

Industry experts delivering excellence in service and support throughout the partner and customer journey.

PROCESSES

Customized workflows and integrations that drive efficiencies with over 100 OEMs.

BUSINESS OUTCOMES

INCREASED REVENUE

Capture more of your recurring revenue stream by identifying revenue leakage and increasing coverage rates and subscription sales.

OPTIMIZED COSTS

Reduce your OPEX spend with automated tools and industry experts to manage your ITAM processes.

REDUCED RISK

Reduce your risk of customer churn and competitive threats.
